# Texas Directory

This directory includes information to help you find the doctors, healthcare professionals, and facilities that participate in the Evry Health Premier Network (EPO). The listings contain provider and facility addresses and contact information as well as other details such as days and hours of operations, specialties, and skills.

This directory covers metroplexes of Dallas-Fort Worth, Austin, San Antonio, and Houston.

We continue to update the Evry Premier Network (EPO) directory as changes occur. We frequently contract with new providers and facilities, some providers change addresses or contact information, and some leave the network. For the most up-to-date directory please visit www.evryhealth.com/providerdirectory or call Member Services at 1-855-579-3879.

# Disclaimers

- This directory lists healthcare professionals (doctors, nurses, psychologists, etc.), facilities (hospitals, clinics, etc.), and supporting providers (home health, etc.) that you may use as an Evry Member.
- These providers and facilities have contracted with Evry Health to provide services to you. The names listed here are specifically within metroplexes of Dallas-Fort Worth, Austin, San Antonio, and Houston.
- You may see the same provider's name listed multiple times. This is intentional and is to show when a provider performs services at more than one location.
- Evry Health provides language assistance services, free of charge, to its members. Call Member Services at 1-855-579-3879 (TTY 711) for assistance.
- Other pharmacies, physicians, and facilities are available in our network.
- For a list of participating pharmacies, please visit the Prime Therapeutics website at www.primetherapeutics.com.
- This directory does not include all participating telehealth providers available through the Included Health telehealth platform.
- This list is up to date as of April 2026, but it is possible that providers and facilities have been added or removed since this directory was released.
- It is possible for some in-network providers to have ceased accepting new patients. If for any reason you encounter difficulty finding a provider who will accept new members, please do not hesitate to call Member Services at 1-855-579-3879 for assistance.
- Participating behavioral health and chemical dependency professionals and facilities are included in this directory. However, prior authorization may be required before visiting some chemical dependency providers.
- In an emergency, please dial 911 or seek medical care immediately. You're covered no matter where you go in the case of an emergency. You, your physician, the hospital, or a family member should call 1-855-579-3879 within the first 48 hours of an emergency visit.
